#4 satin finish.

Dimensions

(1)	Left Back Length	12"
(2)	Right Back Length	12"
(3)	Inside Width	4"
(4)	Outside Width	4.19"

Installation

1. Cut drink rail Item #DR-HEM sections to length (if necessary).
2. Apply adhesive to the bar top or counter substrate.
3. Adhere the first section of the drink rail section to the surface.
4. Insert joint connector Item #DR-HEM-JC into the end of the secured section of the drink rail to connect additional sections or inside corner piece Item #DR-HEM-IC.
5. Seal the top of any seams with a mildew resistant clear silicone sealer.
6. Apply adhesive and add End Cap Item #DR-HEM-RC or DR-HEM-LC as needed.

Care and maintenance varies by finish. Given the nature of the product, typical wear and tear may be noticed with your bar rail over time, such as scuffs, scratches, and dirt.
